

Introduction Channel Partners

D.W. Plastering &
Construction Ltd

BEAUTIFYING YOUR HOME

Who are we?

- D.W. Plastering & Construction Ltd, a construction and project management company based in Nottingham in the Midlands has over 23 of years of experience within all aspects of building and construction works and was created to bring a fresh approach to the construction industry.
- Registered in March 2020 with the intention of focusing solely on plastering projects; however, after many requests for other construction services as well as market research; it was evident that D.W. Plastering & Construction Ltd could manage complete projects with the partners that we are collaborating with.
- Our Trade Partners are trained and skilled and offer the following services: Plastering, Bricklaying, Tiling, Plumbing, Electrical, Roofing, Joinery, Groundworks & Landscaping, Interior Design, Project Management, Property Management, and Maintenance to an extremely high standard.

Channel Partners

- A channel partner is a third-party organization or individual that markets and sells products, services or technologies for a manufacturer or service provider via a partnering relationship.
- A referral partner is a sales representative, consultant or customer that enhances marketing and boosts sales by directly referring customers to manufacturers via multiple channels. Channel and referral partners are often compensated with gratis discounts, training, technical support or lead generation tools.

Advantages of converting from a sole trader to a limited company

The main difference is that a sole trader misses out on these things:

A more professional image, coupled with the benefits of corporate transparency.

- Attracting new clients and investors especially when VAT registered.
- Accessing a wider range of lending opportunities.
- Expanding into different locations or markets.
- Creating a valuable and trusted brand identity.
- Should your company run into trouble, your personal assets will be secure.
- Limited companies in the UK currently pay only 19% corporation tax on profits, whereas sole traders pay 20-45% Income tax on their profits.
- Companies provide the opportunity to invest pre-tax trading income in a company pension scheme

Benefits That DW Offer

If you become a limited company under our channel partner agreement there comes a long line of physical benefits, These include;

- A pension scheme
- A strong admin workforce to deal with finances, invoices, booking and all accounting needs
- A long list of supplier accounts available
- Access to our banking partners
- Access to our legal team and financial advisors
- Attracting new clients and investors especially when VAT registered
- DW operations will manage all legalities including agreements and contracts etc

How We Work

Develop

We take pride in understanding what a client expects, ensuring that we build a long-term business relationship.

Identify

Working closely with you, we identify your needs, providing the best advice and support

Research

Once we understand your needs, we take the stress off your shoulders by sourcing the best quality materials according to your requirements, by passing the cost.

Presentation

Presenting our offering is concluded once the approval of the initial costings has been done.

Project delivery

A date is set on approval of the proposal. Regular updates are provided to you and we commit to the on-time delivery of your quality project.
